In this first unit, students will explore the question: “How do culture, time, and place influence the development of identity?” Through a study of the development of character in the novel *A Long Walk to Water*, students will immerse themselves in the experiences of the people of Southern Sudan during the Sudanese Civil War. In this unit, students will read the first five chapters of the novel, discovering the differing perspectives of the novel’s two main characters and considering the different experiences of the Dinka and Nuer tribes of Southern Sudan. Students will then explore informational texts that describe the cultures of the Dinka and the Nuer. Students will identify textual evidence that supports the differing perspectives

of the novel’s characters and the Sudanese people, and do routine writing tasks to analyze and explain that evidence. (This will lay the foundation for a rich performance task in Unit 3 in which students synthesize their understanding of character point of view in a two-voice poem.) Throughout this unit, students build their ability to read closely and to analyze textual evidence in writing. This unit also introduces important discussion protocols that help students collaborate effectively during discussions. For the Mid-Unit and End of Unit Assessments in Unit 1, students will demonstrate their abilities to gather textual evidence that highlights the different perspectives from their readings.

### Guiding Questions And Big Ideas

- **How do individuals survive in challenging environments?**
- **How do culture, time, and place influence the development of identity?**
- **How does reading different texts about the same topic build our understanding?**
- **How do writers use narrative techniques to convey characters’ perspectives?**
- *Individual survival in challenging environments requires both physical and emotional resources.*
- *Using informational writing about a historical time, place, or people enriches our understanding of a fictional portrayal of the same time period or events.*

### Performance Task

#### Research-Based Two-Voice Poem

This performance task gives students a chance to demonstrate their understanding of the characters and issues of survival presented in *A Long Walk to Water* by Linda Sue Park. Students will be crafting and presenting a two-voice poem incorporating the views and experiences of the two main characters, Nya and Silva, as well as factual information about Southern Sudan and the environmental and political challenges facing the people of Sudan during and after the Second Sudanese Civil War. Students will have read the novel and various informational texts to gather a rich collection of textual details from which they can select to incorporate into their poems. This task addresses NYSP12 ELA Standards RL.7.6, RL.7.11, W.7.3a, d, W.7.4, W.7.5, W.7.8, W.7.9, L.7.1, and L.7.2.

### Content Connections

This module is designed to address English Language Arts standards within the rich context of the Sudanese Civil War. However, the module intentionally incorporates Social Studies key ideas and themes to support potential interdisciplinary connections. These intentional connections are described below.

Big Ideas and Guiding Questions are informed by the New York State Common Core K-8 Social Studies Framework:

Unifying Themes (pages 6–7)

Theme 1: Individual Development and Cultural Identity: The role of social, political, and cultural interactions supports the development of identity. Personal identity is a function of an individual's culture, time, place, geography, interaction with groups, influences from institutions, and lived experiences.

Theme 4: Geography, Humans, and the Environment: The relationship between human populations and the physical world (people, places, and environments).

Social Studies Practices, Geographic Reasoning, Grades 5–8:

Descriptor 2: Describe the relationships between people and environments and the connections between people and places (page 58).
